Dear Parent/Carer,

Review of 30 hour nursery provision

Many thanks for your comments regarding the initial phase of the 30 hour nursery provision here at Seton. We are delighted to be able to offer this provision again in the autumn term and we hope it will continue to be a popular facility. We have considered families' views and as a result will make a slight change to our routines from September.

Our 'core hours' (i.e. funded hours) will be 9am – 3pm. This means that the morning nursery session will run from **9am to 12midday** and the afternoon session will run from **12 midday to 3pm**. Those families who choose to use the 30 hours provision will access both sessions with **no charge* if they are eligible for government funding. Families who are not eligible for government funding may buy extra sessions where we have spaces.

We will continue to offer snacks during both nursery sessions, for which we ask for a **voluntary contribution** of £1 per week. This charge covers the cost of snacks and ingredients for the children's baking activities.

Thank you once again for your support of Seton School. We look forward to continuing to work with you to improve our school.

Yours sincerely,

Helen Isaac
Headteacher

** Freshly cooked, hot school dinners are available at £1.60 per day. Alternatively, children accessing 30 hours provision may bring a packed lunch.*
